

## About Us

**JWP Patent & Trademark Attorneys** was founded in 1991. We are one of Poland's oldest intellectual property protection specialists. Throughout its 20 years, the firm has accumulated a wealth of experience and recognition which, thanks to our highly capable team of experienced, highly-qualified and energetic specialists, have placed it firmly among the leaders on the Polish market.

We are a full-service firm, assisting Polish and foreign businesses in protecting their industrial & intellectual property, whether it be inventions, utility models, industrial designs, trademarks, geographical indication, internet domains, combatting unfair competition, copyrights or protecting business names. The firm's large team of specialists combines knowledge and experience with professional qualifications enabling us to handle cases before the courts and administrative bodies both in Poland and at European level. Thanks to long-established cooperation with foreign patent attorneys' offices, at JWP Patent Attorneys we are also able to handle industrial and intellectual property protection cases beyond Poland's borders.

## Quality and Client Care

Our greatest source of satisfaction is knowing that our clients are happy with the fruits of cooperation with us. This passion for excellence motivates us to strive for excellence in all of the services we provide. Our relationships with clients are based on an individual approach, professionalism and pragmatism. We advise clients strategically, working as active partners to find optimal solutions. The care we take to provide the highest quality services combined with our creative and individual approach to clients' matters have helped us win and keep the trust of thousands of clients in Poland and abroad, from big businesses, small and medium-sized firms, centres of scientific research, right through to individuals (inventors, creators and sole proprietors).

## Comprehensive services and global reach

At JWP Patent Attorneys we possess the knowledge and experience to provide a full range of industrial and intellectual property protection services, including handling cases before the Polish Patent Office, The European Patent Office (EPO), the Office for Harmonisation in Internal Market (OHIM), the Office of the World Intellectual Property Organization (WIPO), the Community courts, the Polish common, administrative and arbitration courts, as well as law enforcement and customs agencies. Thanks to this capacity – and thanks to our longstanding ties with firms abroad – we can handle practically any industrial or intellectual property protection matter whether in Poland, in Europe or almost anywhere else in the world.
