

## **Utility models**

**We offer professional protection of utility models, i.e. a new and useful technical solution concerning the shape, construction, or assembly of an object with a stable form.**

**In order to protect the rights of a utility model:**

- we conduct a detailed search to determine its registrability
- we prepare legal opinions and analysis on registrability
- we prepare and file applications with the Polish Patent Office

**In order to maintain protection:**

- we file payments for official fees for the registration and renewal of exclusive rights of utility models
- we supervise renewal payment deadlines

**In case of a violation of an exclusive right conferred by a registered utility model:**

- we prepare a cautionary letter in cases dealing with violations of registered utility models
- we offer a mediation service and assist with negotiations in order to reach an amicable settlement
- we conduct civil and criminal proceedings

**In order to sell/buy/lease/license/assign exclusive rights for utility models:**

- we prepare legal opinions and analysis
- we perform audit of IP assets (due diligence)
- we draft contracts
